I. General:

A service charge consisting of one or more of the charges shown in this section is applicable for the following activities undertaken at the customer's request:

A. Connections:

Service charges are in addition to all other applicable rates and charges associated with the service being provided.

II. Payment of Service Charges:

Payment of service charges for initial establishment of service may be required prior to the establishment of service.

The charges specified herein do not contemplate work begun being interrupted by the customer. If the customer interrupts work once begun, a charge in addition to the specified charges will be made equal to the additional cost involved.

III. Service Charges and Application:

A. Service Ordering Charge:

The service order activity is classified as either initial, subsequent or record change. The charges are applicable for work done in receiving, recording and processing information necessary to execute each customer request for connections of service (initial order charge applies), to each order for a move, change, or addition to existing service (subsequent order charge applies) or to each requested change which only involves changing the Company's records (record change order charge applies).
